www.fchonline.org

The Institute is a premier annual Florida event providing professionals throughout the state the opportunity to learn new and innovative ways to collectively assist individuals and families experiencing, or at risk of, homelessness. The Institute explores current best practices on service delivery, supportive housing, and ending homelessness. The 16th annual 2017 Institute brings together national, state and local experts from the field of homelessness, affordable housing, and supportive housing.

This year's Institute places an emphasis on best practices, collaboration, partnerships, networking and helping attendees develop long term relationships with their peers to help support them with their daily ongoing efforts to serve Florida's most vulnerable citizens.

The Florida Coalition for the Homeless, in partnership with the State Office on Homelessness, invites you to attend, sponsor, exhibit, or advertise at the 2017 Florida Institute on Homelessness & Supportive Housing.

SAVE THE DATE

The Institute will be hosted on

November 1-3, 2017

at the Renaissance Orlando at Seaworld, Florida.

Please join us to make this year's theme, *Breakthrough to Excellence: Building Bridges to the Future*, become a reality.
